

# Forestry Bureau Nantou Forest District Office

## Aowanda Nature Center in Taiwan

### Internship Site

Aowanda Nature Center

No. 153, Da'an Road, Ai'an Village, Ren'ai Township, Nantou County, Taiwan (R.O.C)

Website: [Aowanda Forest Recreation Area - Taiwan Forest Recreation](#)

[奧萬大自然教育中心](#) | [Nantouhsien](#) | [Facebook](#)

AWDNC is a Environmental Education Center, and have been won the National Environmental Education Award in 2014, and become a well-known environmental education learning center in central Taiwan.

AWDNC uses the middle altitude natural resource and aborigines culture to develop many courses with local characteristics, especially in sectecology, orienteering, scientific investigation, and outdoor adventure activities, which have become popular courses in recent years.

## Internship planning details

### 3 Jul (17 Jul): Registration and Introduction

- The interns report and get to know the environment of the park and the ring teacher of the nature center.
- Try to set up or adjust learning goals.

### 4-5 Jul (18-19 Jul): Park Area Tour

- Go to the waterfall area and the suspension bridge area of the park to learn about commonly used activity routes in teaching.
- The team builds experience activities to increase the friendship among interns and also cultivate a tacit understanding of cooperation during the period.

### 6-7 Jul (20-21 Jul): Basic Course Training

- Learn about the development and current status of the eight nature education centers of the Forest Bureau, as well as the types and characteristics of the courses of the centers.
- Learn the environmental education, to understand the basic theory and promotion methods of environmental education.

### 10-13 Jul (24-27 Jul): Summer Camp

- Become the team assistant or supporter to learn the real active experience from the child.
- Give the feedback every night.

### 14 Jul (28 Jul): Results Sharing and Evaluation

- Share the experience or experience of the internship time, and the sharing method is not limited.

## Living facilities for interns at the Environmental Education Site

### Stay:

Provide free dormitory for interns, and the rooms are in the form of elegant rooms with bunk beds for six people. The room provides a set of independent bedding, but you need to bring your own personal toiletries, such as towels and toothbrushes.

### Food:

Provide food during the internship. The price will about 1,500-2,000 NT dollar, which includes breakfast, lunch, and dinner. If you have any preferences or taboos about meals, please let us know before the internship.

### Transportation:

The park is located in a remote mountainous area. In principle, we can take you to the Park by official vehicles, but you need arrive to Taichung High-Speed Railway Station or Puli Transit Station that can pick you up.
